On July 4, 2016, Prof. Abdoulaye Djimde - Director, [Developing Excellence in Leadership and Genetic training for Malaria Elimination \(DELGEME\) in sub-Saharan Africa](#) [8], the University of Science, Techniques and Technologies of Bamako (Mali) visited CEBIB. The Director-DELGEME and his team also toured other African institutions that offer training programs in Bioinformatics.

The purpose of their visit was to get information on CEBIB's Bioinformatics training through discussions with the Centre's Director, Faculty staff & Administrative/Technical staff and postgraduate students.

This will allow the DELGEME team to assess the suitability of CEBIB's Program for prospective students under DELGEME fellowship.

The meeting was hosted at CEBIB Lecture room on July 4, 2016, at 2.00pm and also featured poster presentations by CEBIB Bioinformatics students on their current research projects.
