On Friday, March 24, 2017, CEBIB's Director, Senior Technologists and Administrator joined other members of staff from the College of Biological and Physical Sciences (CBPS) who attended a half-day e-procurement sensitization meeting at the School of Physical Sciences Boardroom. Participants deliberated on implementation plan for the e-Procurement Management Information system (EPMIS) set to be piloted at college. EPMIS is envisioned to enhance efficacy in the procurement processes.

We anticipate that the system will decrease the time, enhance accurate and precise communication of the specification for procurement of reagents and other services/products. This will eventually improve quality of research experience for both students and staff based in CEBIB labs.

Expiry Date: Tue, 03/31/2020 - 14:20
