Biosafety Clearing House(BCH) a web-based platform for sharing biosafety information such as Kenya's biosafety laws, risk assessment reports, and Kenya's decisions regarding genetically modified organisms(GMOs). The platform was established by the National Biosafety Authority(NBA). NBA is mandated with regulation of research and commercial activities involving living modified organisms(LMOs) in Kenya.

The aim of the BCH-III workshop organised by NBA is to sensitize and enhance the capacity of Government officials, decision makers and key stakeholders on the use and functionalities of the BCH and its sustainability. The two days workshop was hosted at the African Advanced Level Telecommunications Institute, Nairobi from 30th to 31st January, 2018.

Dr. Rachel Ikawa, Lecturer-CEBIB, receives a certificate for participating in the Biosafety Clearing House workshop organised by the National Biosafety Authority.

Expiry Date: Sun, 02/28/2021 - 12:17
